What Students Like You Had to Say:

“ Best experience of my life. Everyone within AIFS works hard to make that happen. I loved my directors. They made me feel welcome and well informed. I could tell that their role in a student's experience abroad is something they really cherish. Would it all over again. ”

— Sydney H.

“ Sign Up As Soon As Possible! Everything about the program was amazing! From the amazingly friendly and helpful faculty and staff to the activities and excursions! Definitely one of the best experiences I've ever had. I recommend doing a homestay and being as involved as possible. Making the most out of your time abroad by meeting new people, and being open to new things and experiences is the key! All of the program's staff is so welcoming and fun...10/10! ”

— Nathaniel K.

“ I absolutely loved my experience abroad and the help I received from AIFS. Had it not been for them, I would not have had such a great semester abroad! I was able to do so many cool cultural activities in Spain, such as take a cooking class, a dance class, visit some really cool monuments in my city, as well as visit other cities with AIFS. In terms of class, I think AIFS had done a really good job partnering with the schools they did. I loved the teachers I had and truly felt like I learned so much about Spain and the Spanish language. The classes that were just for AIFS students were structured very well and it was nice being able to learn alongside people that were from my own program. Definitely would recommend to others and have been telling others already that they should take the leap and apply. ”
