

IAU

BARCELONA, SPAIN

Located along the Mediterranean Sea, Barcelona allows students to experience the culture of Catalunya. The mild climate, famed cuisine, and breathtaking arts give the Mediterranean region a distinct feel, unique from anywhere else in the world. There is no better way to improve knowledge of the Spanish language and its customs than by interacting with the local community. Students in IAU's Barcelona program will have the opportunity to practice their language skills in the classroom and also with native Spanish speakers through language exchange programs and cultural events. Over the course of their time abroad, students can expect to participate in field study trips associated with specific classes, study tours, day trips, and cultural activities.
