# #STUDYINMEXICO

Experience the business world first-hand with one of the many opportunities offered by Tecnológico de Monterrey in different partner companies and organizations. By participating in this professional experience, you will develop professional skills, increase your knowledge about the Mexican business environment, maximize your learning and develop a know-how that will give you an edge and make you stand out from other students.

You can choose to work in a large company or organization, an NGO or in a startup, depending on your interests and availability.

There is nothing more enriching on a study abroad program than fully immerse on the local culture, and what better way to do it than participating on a real-life project.

**Don't miss this opportunity and apply to Tec de Monterrey's internship program!**
