WEB DESIGN STUDENT ASSISTANT

Extension and International Programs Fellows Program
Extension and International Programs
Office of Marketing and Communications

Job Description
Extension and International Programs is seeking a Web Design Student Assistant who is enthusiastic about building clean, professional web sites within the campus-approved CMS system and templates.

Designers with web experience preferred. Graphic designers are encouraged to apply and should understand they will be designing for the web and mobile and its respective constraints.

Duties:
- Basic maintenance of websites, designing and coding
- Updating content on websites
- Researching latest web technology and website features
- Photo/color correction
- Building websites while adhering to branding guidelines

Requirements:
- Proficiency in Adobe Photoshop
- Basic computer skills with a PC/Mac, Microsoft Office
- Working knowledge of HTML, CSS and JavaScript
- Aesthetic eye for layouts, color, composition and mobile- and user-friendliness

Plus Experience:
- Knowledge of accessibility compliance
- Working knowledge of a CMS environment like OmniUpdate
- Knowledge of jQuery and Bootstrap
- Photography experience
- Social media management experience
- Video editing experience
- Graphic design experience utilizing Adobe Creative Suite
- Digital advertising experience
- Google Analytics experience

*If you have a portfolio link or examples of your work, please include with your resume/application.

Job area: Web Development

Up to 20 hours per week when classes are in session and up to 40 hours per week during breaks, Monday-Friday, 8 am-5 pm
